				End of course dinner		

Sessions

Everyday English	The focus will be on speaking and listening and improving the students' ability to communicate through day to day activities such as shopping, travelling and eating out. Students will improve their skills in areas like negotiating, discussing, compromising and asking for clarification.
Academic English	These sessions will provide an insight into the academic life and study. The focus will be on students developing some key academic skills such as research skills, critical thinking and note-taking. Students will take part in two lectures and will be led through various stages in order to produce a visual dairy which they will present to an audience in a poster presentation fair.
Activity Programme	Day and afternoon excursions to places of interest during which students will be able to engage with the UK life and culture. This will give them the opportunity to use language and skills learnt in the Everyday English sessions.

	Monday 13/08	Tuesday 14/08	Wednesday 15/08	Thursday 16/08	Friday 17/08
